
Era 100 SL
SONOS

Room-filling sound

Dual angled tweeters with custom waveguides disperse clear highs left and right for stereo sseparation, while a powerful midwoofer delivers deep bass.

A smart start or addition to your Sonos system

Enjoy rich Sonos sound for less. Start with one speaker and add more whenever your're ready. Pair two for bigger stereo sound, or combine them with a sonos soundbar for immersive surround sound.

Play from any service or device

Stream from all your favorite services over WiFi. Pair a Bluetooth® device in seconds. Connect a turntable or other audio source with line in.*

*Speaker must be set up on WiFi with the Sonos app to play audio. Line in requires an auxiliary cable and the Sonos Line-in Adapter, both sold separately.

Breeze through setup

Go from unboxing to unblieveable sound in just a few minutes. Simply plug in, connect your phone or tablet to WiFi, and open the Sonos app.

Fine-tuned to the room

Get the best listening experience, no matter where you place your speaker. Using the mics in your iPhone or iPad, Trueplay™ tunes the sound for the unique acoustics of your home.

More immersive home theater

Pair two speakers with a compatible Sonos soundbar for surround sound that brings TV, movies, and games to life.

Tech Specs

Three class-D digital amplifiers precision-tuned for the speaker's unique acoustic architecture power your sound experience.

Two angled tweeters create a crisp and accurate high frequency response and stereo separation.

One midwoofer ensures the faithful playback of mid-range vocal frequencies and deep bass.
