

Beam (Gen 2)

The compact smart soundbar
for TV, music, and more.

SONOS

Effortlessly enrich your entertainment experience with the latest generation of Beam, now with Dolby Atmos. Enjoy panoramic sound for shows, movies and games when the TV is on, and stream music, radio, and more when it's off.

Exceptional sound all around

Dolby Atmos maps sounds in space for a 3D effect so you experience planes as if they're flying overhead, hear footsteps moving across the room, and feel the score all around you.

Requires TV that supports Dolby Atmos and Atmos-encoded content.

Tuned to perfection

Trueplay™ adapts the sound for the unique acoustics of the room so your content always sounds just the way it should.

Requires iOS device.

Crystal clear dialogue

Turn on Speech Enhancement in the app to amplify voices so you never miss a word and can always follow the story.

High-quality sound when the volume is low

When you want to watch TV without disturbing others, turn on Night Sound to reduce the intensity of loud effects and enhance quieter ones.

No extra remote

Beam syncs with your TV remote for streamlined control and no extra clutter.

Tech Specs

Five Class-D digital amplifiers perfectly tuned to the drivers and soundbar's unique acoustic architecture.

Four full-range woofers ensure faithful playback of mid-range vocal frequencies and rich bass.

One tweeter creates crisp high frequencies and clear dialogue.

Use the Sonos app to adjust bass, treble, and loudness.

Colors

Black, White

Dimensions - H x W x D

2.70 x 25.63 x 3.94 inches (68.6 x 651 x 100 mm)
