Features

Add powerful bass to your Sony HT-A9/A7000

Experience powerful cinematic sound taken to a new level with the SA-SW5 premium subwoofer. This subwoofer is specifically designed to pair with Sony's HT-A9 Home Theater System and HT-A7000 or HT-A5000 Soundbar to enhance the home theater experience.

Add depth with 300W¹, 19L total power

Add 300W¹, 16L total power to your sound set up to experience stronger, more impactful audio.

Direct wireless connection²

Free of wires for ease of use and peace of mind. The SA-SW5 wireless subwoofer makes a Bluetooth connection with the HT-A9 Home Theater System and HT-A7000 or HT-A5000 soundbar so that the subwoofer can be placed in the most desirable locations without the hassle or worry that long, winding wires bring.¹

Σ Magnetic Circuit for deep, powerful bass

The Σ Magnetic Circuit enables deep powerful bass by maximizing the magnetic force that drives the voice coil. Separated Notch Edge improves vertical amplitude symmetry, resulting in clear sound quality.

Omnidirectional Block Design

Sophisticated round edges represent a single solid block of room-filling sound. The rich materials and minimalist design fits seamlessly into any living room environment.

Setup in seconds

SA-SW5 wireless subwoofer is built specifically for use with the Sony HT-A9/HT-A7000/HT-A5000, setup is quick and easy. Simply power up and connect to supported Audio Products.
